

OKIE811 Membership Classifications

The following is a list of OKIE811 membership classifications approved by the Board of Directors for Oklahoma One-Call System, Inc. dba OKIE811. These classifications are associated with the ticket fees. Fees are determined by classification and ticket volume.

Membership Classification	Definition
Pipeline	<i>Companies operating pipelines and/or refineries used to distribute oil or gas products for profit.</i>
Electric Power	<i>Companies generating and/or delivering electrical service for profit; includes wind farms.</i>
Telecommunications	<i>For-profit providers of telecommunication services using cable or fiber: High-Speed Internet, Local Phone Service, Long Distance, International, Wireless, HDTV and Fiber Optic Networks.</i>
Co-ops, Electric / Gas	<i>Utility cooperatives delivering public electric or gas service to its members.</i>
Municipalities / Public Agencies	<i>A town, city, county, state entity directly funded through appropriated tax dollars, operating underground facilities.</i>
Rural Gas/Sewer/Water Districts	<i>Local public agencies operating underground facilities in rural areas.</i>
Master Meter	<i>Distributor of service from meter to user within an area (ex: mobile home park, housing project, apartment, non-research college/school, etc.)</i>
Other	<i>Companies with underground facilities not fitting any other category (ex: hospital, bank, geothermal/industrial wastewater, etc.).</i>
Sustaining	<i>Individual, partnership, corporation, association or other entity not owning or operating underground facilities.</i>

OKIE811 membership classifications and definitions were created for the business practices and procedures of the organization. OKIE811 reserves the right to adjust a member's classification based on the members profile describing the services they provide, their customer base and other information that helps associate the correct classification for the type of business the member operates.
